

Invitation to Nordic Workgroup Meeting May 29 in Oulu, Finland

For the first time **Photonics Finland** and **PhotonicSweden** are collaborating in arranging a joint Nordic Workgroup Meeting between our countries equivalent to Photonic21 workgroups WG1-WG7 on May 29th, 16:00 to 19:00, at Radisson Blu hotel in Oulu, the day before the conference OPD2017 starts.

Attending is Free of Charge - Please click here to register:

<https://doodle.com/poll/tez4vu32ssqc45rn>

(On register site choose Doodle Desktop or Doodle Old version!)

The preliminary topics will be based on:

- Why do we need workgroups?
- Presentation of participants (short pitch talks),
- Photonics21 stakeholders to talk about coming next 3 years calls,
- Discussions about workgroups impact on Photonics post 2020,
- Nordic collaboration in future calls
- Nordic B2B possibilities
- Etc....

Even though each WG might not be fully occupied, all WG's will discuss in a round table arrangement. We believe this meeting is a good way to collaborate in Photonics between our Nordic countries! Our Workgroup arrangements are the same as Photonics21's, so please read more about Workgroups here: <http://www.photonics21.org/AboutPhotonics21/workgroups.php>

OPD2017 – May 29th to 31st

The convention starts with a get-together event on evening May 29. The program of the conference reflects current activities and trends in Optics and Photonics in Finland, gathering both academic researchers and industrial representatives. Industrial session consist of 4 themes: lighting and displays, industrial sensing, flexible optoelectronics and imaging and panel discussion about Photonics revolution. www.photonics.fi/opd2017/programme/

Photonics Workgroup meeting at Hotel Radisson Blu in Oulu

***We strongly encourage the Nordic Photonics Community
to take this opportunity to strengthen your network.***

Welcome !
