

Northern Optics & Photonics 2018

Conference and exhibition 12-14 September in Lund

Lund University, Matteannexet, Sölvegatan 20A, SE-223 62 Lund, Sweden

It is our great pleasure to announce the next edition in the series of Northern Optics & Photonics conferences that brings together photonics scientists and industrial specialists from the Nordic and Baltic countries. The conference is organised by the Swedish Optical Society and PhotonicSweden in conjunction with the Lund University and Lund Laser Centre and sponsored by optics/photonics societies of Sweden, Denmark, Finland, Norway, and Baltic countries.

The conference is aimed for everyone involved in or wants to learn more about optics & photonics research and its industrial applications.

You are welcome to be part of:

- 3 Keynote speakers
- Approx. 30 Academic talks
- Approx. 30 Industrial talks
- Over 35 posters
- Approx. 30 Exhibitors
- Matchmaking - job opportunities
- Study visits
- Nordic Workgroup Meeting
- Best Master thesis
- Best Photonics company
- Reception dinner
