Apply for student free admission to Optics & Photonics 2022 at Umeå University 4-7 Oct-2022

If you are a student in a Bachelor's degree or Master's degree program you can apply for free admission for OPS-2022 conference 4-7 October at Umeå University. ThorLabs Sweden AB is sponsoring up to 10 free student admission for this conference. Apply now - First come first served!

Apply here: <https://forms.office.com/r/H13KdH1Kxd>

OPS-2022 - Conference info: <https://photonicsweden.org/optics-photonics-in-sweden-2022/>

- The conference has parallel sessions, one for Academic presentations and one for Industrial applications
- We also encourage people from industry and decision makers from the Nordic regions to come and participate and see what's possible to achieve with photonics
- Smarter Electronic Systems will present the status of the European Chips Act at the Nordic Photonics Forum
- Business Sweden support for SME's international growth
- Adopticum and Smarter Electronic Systems will present funding programs
- PhotonicSweden and RISE will present Innovation support offered by EU-project PhotonHUB
- Up to now, 20 companies signed up for the exhibition
- There will also be a poster session
- There will be Lab visits to both the Ljungberg Lab at SLU and the Physics department
- Laserlab Sweden present PhD student works including CARLA Camp Capsule promoting photonics

The participation fee is:

=> SEK 3,300+VAT for non-members

=> SEK 2,600+VAT for members of PS or EOS

=> SEK 1,500+VAT for students and pensioners who are members of PS or EOS

=> SEK 1,500+VAT for invited speakers

In addition to the conference, the participation fee also includes lunches, coffee and conference dinner on 5/10.

New brochure released about Optics & Photonics in Sweden:
