

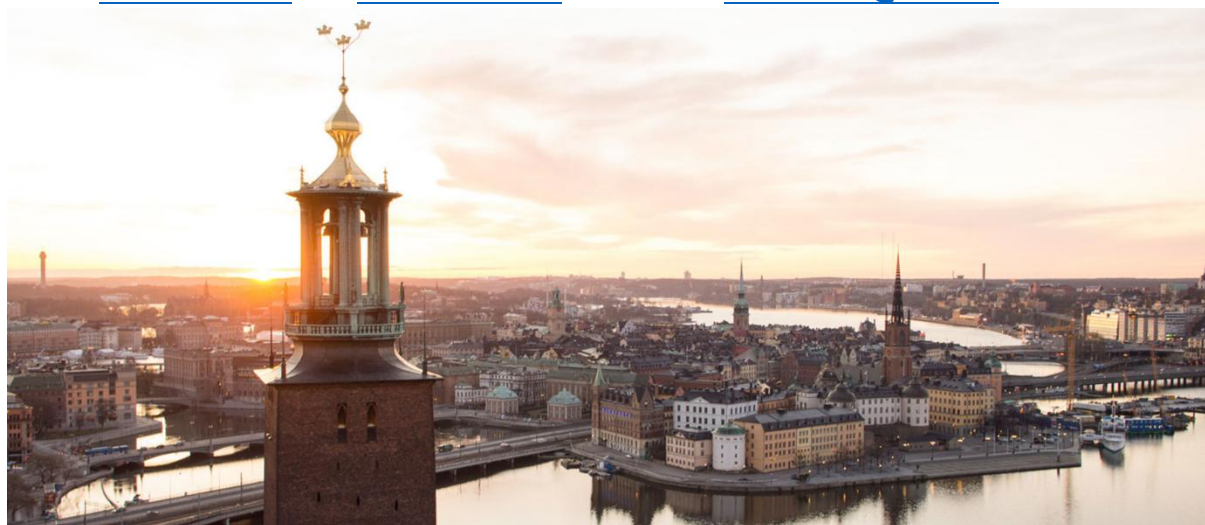

Exhibition and Sponsoring Compound Semiconductor Week (CSW-2021)

Online May 9 – 13, 2021, Stockholm, Sweden

Web: CSW2021.se or CSW-2021.se Contact: csw-2021@kth.se

ISCS 2021

The 47th International
Symposium on Compound
Semiconductors

IPRM 2021

The 32nd International Conference
on Indium Phosphide and Related
Materials

The Compound Semiconductor Week (CSW) is the premier forum for science, technology and applications of compound semiconductors.

Compound Semiconductor Week (CSW) 2021 will be held on line, arranged from Stockholm, Sweden, May 9–13, 2021. CSW 2021 follows a series of successful meetings last held in Berlin, Germany (2017), Boston, USA (2018) and Nara, Japan (2019), each attracting about 450 participants. As in previous years, CSW join its predecessors in a single event: CSW 2021 is the joint venue for the 47th International Symposium on Compound Semiconductors (ISCS) and the 32nd International Conference on Indium Phosphide and Related Materials (IPRM).

SPONSORSHIP & EXHIBITOR INVITATION

Sponsor & Exhibition information for the online conference

The overall ambition for the online conference is to maintain the same scope and high scientific level of invited and contributed papers as the onsite conference. This also holds for the industrial exhibition, which is an important contribution to onsite conferences. At the online CSW 2021, exhibitors and sponsors will be provided excellent opportunities to present their products and company. A virtual exhibition will be organized using a professional platform with ample of possibilities to meet and interact with experts, professionals and potential customers in the various fields of compound semiconductor materials, devices and applications. More information on this Virtual Expo can be found here. In addition, all exhibitors and sponsors will be provided the opportunity for short (4 min) presentations during a special plenary session at the conference. Of course, we also encourage all exhibitors to submit papers for the scientific/technical sessions of the conference.

The exhibitor and sponsorship fees with various options are listed below. Customized sponsorship, including main sponsorship, presentation slots or session sponsorship, are also possible. Please contact hammar@kth.se or lennart@photonicsweden.org for further discussions.

We look forward to your active participation at the conference. A rich and lively exhibition is of vital importance for the event as a whole.

CSW-2021 Exhibitor Package

www.csw2021.se/conference/sponsorship-exhibitor-invitation

- | | |
|--------------------------------------|------------------------|
| • Virtual booth | SEK 12 000 (excl. VAT) |
| • Half page add in pdf-proceeding | SEK – |
| • Upgrade to full-page add | SEK 5 000 (excl. VAT) |
| • Logotype visible during conference | SEK – |
| • Participant pass 100% discount | 1 person |
| • Participant pass 20% discount | 1 person |
| • Pitch talk approx. 4 min | SEK – |

CSW-2021 Sponsor Package

www.csw2021.se/conference/sponsorship-exhibitor-invitation

- | | |
|--|------------------------|
| • Half page add in pdf-proceeding | SEK 10 000 (excl. VAT) |
| • Upgrade to full-page | SEK 5 000 (excl. VAT) |
| • Logotype visible during conference | SEK – |
| • Participant pass 100% discount | 1 person |
| • Participant pass 20% discount | 1 person |
| • Speaker slot in conjunction with exhibitor pitches (approx. 4 min) | SEK 5 000 (excl. VAT) |

CSW-2021 Conference registration fee

www.csw2021.se/conference/conference-registration

- | | |
|-----------------------------|----------------------|
| Early bird – until April 15 | SEK 2800 (excl. VAT) |
| Regular – from April 16 | SEK 3500 (excl. VAT) |

All prices +25% Moms (Swedish VAT)

VAT ON FEES – IMPORTANT INFORMATION

- If you are from an EU country (Sweden not included) – a valid VAT number is mandatory, otherwise VAT will be added to your registration fee.
- It is important that your number is stated exactly according to EU standards.
- To validate your number before registering, please click this link:
https://europa.eu/youreurope/business/taxation/vat/check-vat-number-vies/index_en.htm
- If you are from a country outside of EU – you can register without a VAT number.
- Delegates from Sweden and private persons are required to pay VAT on the registration fee (25%).

Photonics in CSW-2021

Compound semiconductor materials are of key enabling character for a range of photonics applications, and this has also been well reflected by the CSW conference series through the years. The original focus of both ISCS (International Symposium on Compound Semiconductors) and IPRM (Indium Phosphide and Related Materials), which nowadays together forms CSW, was on optoelectronics and photonics applications. In the initial stages the importance was on physics and materials technology but this has gradually shifted more towards devices and integration. More recently, compound semiconductors have also made it to other application areas such as power electronics and RF electronics, but photonics related sessions still build a major part of the conference.

Notably, at CSW-2021, four out of five keynote presentations are directly related to photonics.
